

2026 Wyoming Primary Candidate Results

County clerk election-result pages

This source packet supports the updated Candidates voter guide. Each link goes to an official Wyoming county website maintained by the county clerk or elections office. The Status column reflects each county's certification status as of the date below: Official (certified/final results loaded), Unofficial (election-night results loaded, certification pending), or Not yet published (no results loaded on the site yet). Open a county source to review the results and supporting reports published by that county.

SOURCE NOTE

County page labels reflect each county's own publication status. A county may replace, relabel, or add reports after this packet is prepared. The source page remains the authority for its current publication.

COUNTY	STATUS	OFFICIAL ELECTION SOURCE
Albany	Unofficial	Results of Election https://www.albanycountywy.gov/176/Results-of-Election

Prepared August 27, 2026: 12 of 23 counties Official, 10 Unofficial, 1 Not yet published. This packet lists source pages and each county's certification status on the Candidates voter guide as of the date above. It does not replace the official reports or certifications published by each county, and county status changes as more counties certify -- see candidates.skovgard2026.org for the current state.
